The moment you drive it out of the showroom, its IDV starts decreasing. The depreciation rate for the first six months is 5%. That means the IDV of your car for the first six months is ₹950000. Similarly, the IDV of your car after six months of buying will be ₹850000, and it'll remain the same till twelve months or one year from the purchasing date. And if your car's age is between four and five years, its IDV will be half of its price.</p>	
16	Criteria for considering vehicle as Total loss/Constructive Total loss	In the event of an accident leading to total loss or constructive total loss settlement of claim will be based on what is mentioned in the policy schedule and / or agreed by policyholder either 75% or 60% based on geography and model.
